Examiner: T. MORRISON

Filed: September 26, 2003

Docket No.: 117336

For: PAPER FEEDING APPARATUS, IMAGE FORMATION APPARATUS WITH PAPER
FEEDING APPARATUS AND STORAGE MEDIUM STORING CONTROL
PROGRAM THEREOF

RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In reply to the July 27, 2005 Election of Species Requirement, Applicants
provisionally elect Species I, claims 1-4 and 7-18. It is submitted that claims 1, 9-13, and
15-18 are generic to all species. The election is made with traverse.

It is also respectfully submitted that the subject matter of all species is sufficiently
related that a thorough search for the subject matter of any one species would encompass a
search for the subject matter of the remaining species. Thus, it is respectfully submitted that
the search and examination of the entire application could be made without serious burden.
See MPEP §803 in which it is stated that "if the search and examination of an entire
application can be made without serious burden, the examiner must examine it on the merits,
even though it includes claims to independent or distinct inventions" (emphasis added). It is
respectfully submitted that this policy should apply in the present application in order to avoid

unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Thus, withdrawal of the Election of Species Requirement is respectfully requested.

Respectfully submitted,

James A. Oliff
